Descrizione prodotto / Product description

Lampada da parete o a plafone lineare, da alimentare a 220/240 Vac. Realizzata in alluminio con schermo in PMMA satinato o prismatico nella versione OFFICE. Sorgente led STW60 3000°K 24W/mt. Misure e finiture personalizzabili.

STARBOARD OFFICE collection has been designed to satisfy the requirement to have just one Led light. Thanks to its minimalist design STARBOARD OFFICE has always a perfect balance with the surrounding environment. It consists of an aluminium profile with prismatic diffuser, that ensure the homogeneity of the light flux.
